

Summer 1 Year 2

Magical, Mysterious and Mythical!

Our topic this half term is certain to capture the children's imaginations! We'll be learning about fairy tales (with a twist), magical creatures such as elves, goblins and unicorns and fairy tales on film.

English

In English we will be reading a number of different fairy tales, finding the common themes and then comparing them to fairy tales with a twist. Equipped with this knowledge, the children will then innovate a well-known story, adding their own twist on the traditional tale.

The children will also be creating their own magical creatures and writing descriptions of their character, its habitat, likes and dislikes.

We'll be using short pieces of animated film to explore different characters and deepen our comprehension skills.

Learn By Hearts

The Easter holiday project, given out to the children before the holidays, is due in on **Friday April 20th**. We'll be spending some time that day celebrating and sharing the children's work.

LBH's will be sent home on Friday (fortnightly). This book should be kept and the task/activity revisited over the fortnight, to be handed in on the dates below.

LBH return dates:

April 20th

May 4th

Maths

We'll be learning about position and direction and learning how to tell the time.

We'll also be revising our learning on measurement when we work with Mrs Littlewood in our Outdoor Learning session on **Wednesday 18th April**. This will take place in the school grounds.

Thank you

Thank you for your continued support with sending children to school in PE kit on the correct days (Monday & Tuesday) and for reading regularly with your child.

Fairy Tale Afternoon!

On **Friday 20th April** we're having a fairy tale afternoon.

Please ensure the children return their Easter projects for this date so that we can share their work and celebrate their success. Children can also bring their favourite fairy tale to school so that they can share them with friends in the afternoon.
