Summer 1

I need a hero!

Welcome back! We hope you have all had a wonderful Easter holiday. Once again the children astounded us last half term with their ability to soak up knowledge and use their imaginations. We're sure you'll agree, they really have become space experts! We know that they'll apply themselves to this half term's topic with the same enthusiasm and lust for learning – we can't wait!

Mathematics

This half term we are learning about time, measure and position and direction as well as continuing with our arithmetic using the four operations (+ - × ÷) and place value.

English

In English this half term we will be reading lots of stories all about heroes, superheroes and real life heroes. The children will be writing descriptions, stories and creating comic strips.

PE

PE will be on a Monday (indoor) and Friday afternoon (outdoor). Children should come to school dressed in their school PE kits on both days- details of the school PE kit can be found on the website. Your support with this is hugely appreciated.

Topic

We will be learning all about how heroes stay fit and healthy and designing a superhero meal. We will also be looking at the work of Roy Lichtenstein a famous artist and recreating our own heroes in the same style as him.

LBH

LBH homework will continue to be set on a fortnightly basis starting Friday 3rd May

Thank You

Thank you for your continued support and for regularly reading with your child. Should you have any questions or queries please speak to a member of the Year Two team.

Dates

23/5/19 – Class photographs
